Rules and Regulations | TOURNAMENT PLAY

AMERICAN CORNHOLE ASSOCIATION

Court Layout

The following dimensions and measurements will serve to determine how far apart to place cornhole boards as well as positioning of players during game play.

Court Dimensions

A cornhole court shall be a level rectangular area 8-10 feet wide and a minimum of 40-45 feet long. The court should consist of two cornhole boards, designated pitcher's boxes, and foul lines.

Pitcher's Box

The pitcher's box is the rectangle 4 feet by 3 feet at each end of the court, parallel with, and on both sides of the boards. Each player must remain in the pitcher's box while pitching a cornhole bag.

Foul Lines

There are two sets of foul lines: open adult-play and junior-play for children 12 and under. The adult foul lines shall be defined as an imaginary line 27 feet between the front of each board. The junior-play foul lines are defined as an imaginary line 12-15 feet between the front of each board. The foul line should be parallel to the front of the opposite board to meet ACA guidelines.

Play of the Game

Every match is broken down into innings of play. During an inning of play, each player must pitch all four of his/her bags. An inning is never completed until all players pitch all four of his/her bags.

Doubles Cornhole Matches

Two teams, consisting of two players, compete against one another until a winning team is determined.

- Each team will stay in their designated lane for the whole game.
- Players at the headboard will alternate pitching bags until each player has pitched all four of his/her bags.
- Players at the footboard will take score and resume pitching back to the other board.
- The top of an inning is completed when both players pitching from the headboard pitch all four bags; the bottom of the inning is completed when the remaining players pitching from the footboard pitch all four bags.

Scoring

The approved method of scoring for the sport of cornhole is "cancellation" scoring. In cancellation scoring, the points of one player cancel out the points of their opponent. Using this method, only one player/team can score in each inning.

- Bag In-The-Count (Woody) : Any bag which comes to rest anywhere on top of the board. Each is worth one (1) point.
- Bag In-The-Hole (Cornhole) : Any bag which is thrown through the hole or knocked through the hole by another bag. Each is worth three (3) points.
- Foul Bags – Refers to any bag that has not been determined as Bag In-The-Count or Bag In-The Hole or was designated a foul bag as the result of rules violation

Determining Winners - Traditional 21

The game shall be played to the predetermined number of twenty-one points. The first player/team to reach (or exceed) that amount at the conclusion of an inning is the winner.
